# **GENERAL INSTRUCTIONS PREPARATION OF THE ANNUAL FISCAL PROGRAM FOR FISCAL YEAR 2007**

All Institutions of Higher Education must submit an annual fiscal program by **May 1, 2006**, supported by the required Annual Funds Center Worksheet and President/Chancellor approval letter to the Department of Finance and Administration, Office of Budget. The approved program will be entered into the Arkansas Administrative Statewide Information System (AASIS).

For those institutions funded through the Educational Excellence Trust Fund, distribution of funds may change after the initial budgets are established effective July 1, 2006, pursuant to A.C.A. §6-5-301. Institutions should spend funds cautiously until final funding levels are determined.

For those institutions funded through the Tobacco Settlement Trust Fund, distribution of funds may change after the initial budgets are established effective July 1, 2006, pursuant to A.C.A. §19-12-101. Institutions should spend funds cautiously until final funding levels are determined.

For those institutions receiving funds from the Work Force 2000 Development Fund, distribution from this source will not be included on the initial budgets established for Fiscal Year 2007. Annual Work Force 2000 Development Fund transfers of both appropriation and funding will be processed after July 1, 2006; when final funding levels as based on certified Fiscal Year 2006 collections are determined as provided under A.C.A. §26-51-205.

For those institutions funded from the Miscellaneous Agencies Fund, the budget analyst will provide the funding level for the FY07 Annual Fiscal Program.

These instructions are available on the DFA - Office of Budget web site at:

[www.accessarkansas.org/dfa/budget](http://www.accessarkansas.org/dfa/budget)

The following laws require special attention when preparing the Fiscal Year 2007 annual fiscal program

- A.C.A. §25-16-903 through A.C.A. §25-16-905 provides authorization and restrictions regarding stipends and expense reimbursements for members of boards and commissions. In accordance with the United States Internal Revenue Code (IRC), 2001-Code-Vol, Sec 3401 and Treasury Regulations §31.3401(c)-1(a) and §1.1402(c)-2(b), persons receiving stipends shall be considered as a state employee. Agencies will need to work with the Offices of Personnel Management and Budget to ensure payments are made accordingly.
- A.C.A. §21-12-502 requires notification by institutions to the Legislative Council and to the DFA - Office of Personnel Management of plans to implement layoffs of state employees due to privatization of programs.
- A.C.A. §21-4-501 allows for the payment of accrued sick leave for retiring employees. While it is difficult to budget for this unknown event, institutions are cautioned about the fiscal impact of this legislation.
- A.C.A. §19-4-2201 requires Legislative Council or Joint Budget Committee review of certain discretionary grants awarded by state institutions.
- A.C.A. §6-80-106 requires each public college and university in the 2006-07 fiscal year not exceed its educational and general spending for academic and performance scholarships by more than 30% of its unrestricted educational and general tuition and fee income.
- A.C.A. §24-2-701 (C)(3) allows the Board of Trustees of the Arkansas Retirement System to establish employer contributions each year. The state employees retirement rate has been set at 12.54% for fiscal year 2007.

## DEFINITIONS

- **ANNUAL FISCAL PROGRAM:** A plan prepared by an institution containing the proposed expenditures and anticipated resources for the ensuing fiscal year as required by A.C.A. §19-4-604.
- **FUNDS CENTER:** An appropriation granted by the General Assembly to make expenditures and incur obligations, **IF FUNDS ARE AVAILABLE**, for specific purposes.
- **BLOCKED:** The portion of an appropriation, which cannot be budgeted by an institution due to insufficient revenue or other budgetary restraints. Also referred to as deferment.

- **CARRY FORWARD APPROPRIATION:** As permitted by law, specific appropriated amounts authorized to carry forward from one fiscal year to another to make expenditures and incur obligations, **IF FUNDS ARE AVAILABLE**, for specific purposes.

## **ANNUAL FISCAL PROGRAM**

All institutions will utilize the Planning Budgeting and Administrative System (PBAS) to prepare their Annual Fiscal Program. PBAS is an automated system designed to enable institutions to develop a budget according to the General Accounting and Budgetary Procedures Law. Each institution will be provided with Microsoft® Excel worksheets for all authorized Funds Centers. Institutions will complete the Funds Center Worksheets and return them to the Office of Budget for processing. Please review carefully the data entered in order to ensure that allocated budget levels do not exceed available funding levels.

**The Office of Budget requires a letter signed by the President/Chancellor of the Institution of Higher Education indicating knowledge and approval of the final annual fiscal program.**

Institutions may contact the budget analyst to obtain paper copies of reports. A final copy routed to the Office of Budget, with other required documents, signifies completion of the annual fiscal program. The Office of Budget will review and approve final forms and forward the necessary documentation to the Office of Accounting.

The final annual fiscal program will be copied (retracted) to the Arkansas Administrative Statewide Information System (AASIS) for Fiscal Year 2007 where it will be integrated into the AASIS data for each institution.

## **PREPARATION OF QUARTERLY ALLOTMENTS**

The Office of Budget will advise each Institution of its General Revenue funding level, including a preliminary forecast of funds to be received from the Educational Excellence Trust Fund (EETF) and the Tobacco Settlement Trust Fund. A revised forecast for both funds will be provided early in the fiscal year. Any budget adjustments may be made at this time. Work Force 2000 Development monies will not be budgeted initially. Once collections for FY06 fiscal year have been certified, a FY07 Work Force 2000 forecast will be made available and transfers of funds and appropriations will take place accordingly. The institution determines the amount of any Special or Other Revenues to be received for the 2006-2007 Fiscal Year and prepares quarterly allotments that correspond to availability of funding. Quarterly Allotments must be based on the financial requirements for the institution's spending for the fiscal year and may not exceed available funding or authorized appropriation.

**ALL CASH APPROPRIATIONS AND CASH CONTINGENCY LINE ITEMS ARE BUDGETED IN THE FIRST QUARTER OF THE FISCAL YEAR.**

## **REQUIRED DOCUMENTS**

**The following original forms must be submitted with the annual fiscal program:**

- President/Chancellor approval letter. A letter signed by the President or Chancellor indicating knowledge and approval of the final annual fiscal program
- Annual Funds Center Worksheets

**PLEASE NOTE:** When preparing the Fiscal Year 2007 annual fiscal program, attention should be paid to the Governor's Executive Order 98-04 (and Act 34 of 1999) requiring state agencies and institutions to publicly disclose when they do business with statewide constitutional officers, legislators, state employees or their immediate family members. The Department of Finance & Administration, Office of Internal Audit (682-0370) may be contacted for further information on the implementation of this Executive Order.

## **ANNUAL FISCAL PROGRAM CHECKLIST FISCAL YEAR 2007**

### **IMPORTANT DATES:**

April 10, 2006	Annual instruction packets distributed to institutions
May 1, 2006	Final annual fiscal program due to Office of Budget
July 1, 2006	Start of Fiscal Year 2007

## **INSTRUCTIONS FOR COMPLETING THE ANNUAL FUNDS CENTER WORKSHEET**

Each institution will be provided with Microsoft® Excel worksheets for all authorized Funds Centers. The Funds Center Worksheets are based on the authorized appropriation amounts for an Institution. The institutions are required to complete the worksheets for each of the funds center and return the final worksheets to the Office of Budget with the annual fiscal program. (Institutions do not have online access to PBAS and must coordinate their budget development through the Office of Budget.)

**QUARTERLY ALLOTMENT:** The budget by commitment item needed to meet quarterly requirements. The purchase of capital items should be budgeted for the quarter following the greatest revenue collection. Capital purchases supported by General Revenue should be budgeted in the fourth quarter.

Institutions will enter the desired budget amount for each commitment item by quarter. The entered budget amounts must be within available funding limitations and the total budget for any line item must be equal to or less than the authorized amount.

In accordance with the special language provisions of the biennial appropriations act, all or any portion of the Contingency Commitment Item authorized for applicable General Revenue funded appropriations may be budgeted. Due to the fact that the Contingency Commitment Item (513:00:18) is non-spending, the amount budgeted will need to be transferred to other spending commitment items after the first of the fiscal year.

The sum of the quarterly allotments by line item, plus the blocked amount will equal the total commitment item authorized amount as found in the appropriation Act.

**Cash appropriations as well as Cash Contingency line items have been budgeted in the first quarter on the Microsoft® Excel worksheets provided by the Office of Budget. Each institution should verify the information and return the worksheets to the Office of Budget.**

**BLOCKED:** The blocked amount will automatically be calculated by line item (commitment item). This is the amount of appropriation not budgeted for Fiscal Year 2007.

**The Office of Budget requires a letter signed by the President/Chancellor of the Institution of Higher Education indicating knowledge and approval of the final annual fiscal program.**
